Product Highlights

- Replicates the appearance of real wood
- Specially formulated polymer engineered to withstand extreme temperatures
- Color present throughout the panel.
- Formulated with superior U.V. Inhibitors.
- Laboratory test results exceed industry standards for fire rating, wind resistance, impact resistance and fading.
- Sturdy and lightweight material (for faster and effortless install)
- Never Needs to be painted Truly maintenance free
- Seamless installation (a traditional look)

The look of traditional craftsmanship engineered to replicate the natural texture of wood without the inconveniences. **NOVISHAKE™ RS8** 8' Cedar Shake an exclusive polymer panel, ideal for accents and structures looking for a traditional look. Novik's exclusive continuous full panel locking feature, ensures quick and secure installations.

Enhanced performance features

"Nail Locators" facilitate the installation by precisely showing nail position.

"Hammer-Stopper" system limits nail penetration to ensure smooth panel expansion and retraction.

The center-panel nailing hole helps spread the panel's expansion and retraction evenly.

The panel can be cut using standard vinyl knife or cutter.

EXCLUSIVE to Novik a continuous full panel interlocking system for secure and rapid installation

The panel's horizontal overlapping system permits faster and easier installation, and alignment.
