

**TRUSTED BY CONTRACTORS
SINCE 1953**

Mercury Excelum has been a trusted and dependable name in exterior building products since 1953 throughout New England. We offer an array of styles to suit every taste and budget. Choose the color of your railing along with a variety of accent caps, decorative balusters, structural porch posts, post wraps and other accessories to complement any decor.

Custom Vinyl Railing

Custom vinyl railing from Mercury Excelum is the perfect solution to add maintenance-free railing to your porch, balcony, deck or exterior stairs. We offer a variety of options to fit every budget and design.

Tailor Made Just For You

Mercury railing is custom manufactured and pre-assembled to fit the specific dimensions of the space in which it is to be used. Our customized railing system ensures proportional sections and even spacing of your posts and pickets without any special measuring required.

Safe and Carefree

The perfect alternative to wood, Mercury vinyl railings are manufactured using rigid poly vinyl chloride (PVC) compounds for exterior profile extensions that meet the requirements of ASTM specifications 04216. Unlike wood, there is no need to paint or stain vinyl, and added UV protection ensures your color will last longer. Vinyl removes the worries of rot, rust, splinters, discoloration and sharp surfaces that come with other materials. The rigid aluminum reinforcement assures a durable railing system that will withstand everyday use.

Limited Lifetime Warranty

Our vinyl railing system is fully ICC-ES AC174 Certified. The limited lifetime warranty on this product assures you worry-free enjoyment of your rail for years to come.
